Dear friends,

On behalf of PMRS team in Gaza and all Palestinians, we send our deepest sympathies to you and to all the French people.

We were truly saddened to hear the news of the truck attack in Nice which claimed tens of innocent lives. We strongly condemn this and all other terrorist attacks against innocent civilians and completely sympathize with the victims and their families. We wish all those injured a speedy recover.

We as Palestinians have always suffered from terrorism practiced by the Israeli occupation against us and we feel your pain. We continue to condemn all coward attacks, regardless of their origin. We stand by you in the fight against terrorist attacks which threaten innocent people everywhere.

Please accept our deepest condolences.

Dr. AedYaghi
